McCarthy Top Vote Getter

Sen. Eugene J. McCarthy was the top vote getter among the presidential aspirants in Tuesday's presidential primary election in Andover. The extensive work done by his committee in this area showed up in the voting as the Minnesota Democrat polled 610 votes from his own party and 188 on the Republican ballot.

From a total registration of about 11,000 in the town, some twenty percent went to the polling place in precinct 2, the only one used in the primary. There were 1082 Democrats and 1180 Republicans checked off between 8 a.m. and 8 p.m.

Most of the voters visited the Andover Baptist Church lower hall, where the voting took place, in the late afternoon or early evening. The size of the vote caught officials by surprise. As a result, it was almost midnight before the returns were in from the single precinct.

Among the Democrats, Sen. Robert F. Kennedy showed the most strength next to McCarthy. The latter's name was the only one on the ballot, the others received write-in votes.

Student Center To Open May 7

The eagerly awaited Student Activity Center at Andover High School will open Tuesday, May 7, at 7 p.m. Thereafter, the library, classrooms and cafeteria will be available to high school students (public, private and parochial) Monday through Thursday nights from 7 to 10.

Established under the general direction of the Andover Recreation Department, the Center will emphasize both education and recreation, and will be run primarily

by students.

Student coordinators invite parents and other interested adults in the community to be first-nighters next Tuesday, when Principal Philip Wormwood, Joseph Hatem, a Student Council officer, and Dr. William Unsoeld, an Andover parent and Mt. Everest climber, will tackle the subject of student responsibility. Plenty of time is promised afterwards to air questions and discuss issues.

Several members of the faculty

have already volunteered to give courses in typing, electronics, beginning French, automobiles, sewing, slide rules and computers, photography, and a review of history.

Courses at the Student Activity Center will be "geared away from the normal high school routine -- informal seminars providing for closer unity between the voluntary student and the voluntary teacher," according to James Carroll, A.H.S.

Report Made On Safety Center

An air of optimism pervaded a meeting of the Public Safety Center building committee with the selectmen Monday night. It was

occasioned by expressions of belief that the center can be erected within the appropriation available.

Chairman Ernest Hall said that the committee had secured an architect's opinion that the building could be built within the scope of \$440,000 to \$450,000.

It may be that the building will not be as large as originally planned and that it may not have all the refinements which had been suggested for the original structure to house the police and fire departments and the civil defense headquarters.

Installation of such things as a heated ramp to melt snow in front of the building, air conditioning, quarry tile floors, etc., may be contingent upon whether or not the town wants to appropriate additional money.

Selectman Philip K. Allen expressed the opinion that the new Safety Center should be air conditioned from the outset. He also said that most modern fire stations have heated ramps.

Chairman Hall said that at the present the committee is attempting

Pilot Project At East JHS

The committee of local contractors and tradesmen formed to plan the repair of the East Junior High School as a "community project" held a second meeting Tuesday night. Subcommittees to consider heating, electricity, plumbing and carpentry were tentatively organized and arrangements made for them to inspect the school buildings prior to making recommendations for the work needed to be done.

At both of the meetings called by Town Manager Richard J. Bowen

considerable discussion was given to the repair of the floors of the buildings. At the outset it was felt the floors in the west wing, erected in 1917, would have to be replaced and the floors in the east wing, built in 1936 could be nailed.

Tuesday night, consideration was given to leveling the floors in the west wing and covering them with carpeting. It was agreed that this would be more costly at the outset, but from the standpoint of maintenance, it would be more economical in the long run.

It was decided that it would be worthwhile to make a test of this

Founders' Day Here Monday

Thirty-six town employees and a dozen men and women who were town officials over the years will be honored at the Fourth Annual Founders Day to be held at Andover High School Monday evening at 6:30 p.m.

The present employees will be presented Founders' Day Pins while the others will be given Certificates of Service.

Founders Day will mark the anniversary of the incorporation of Andover as a town on May 6, 1646. The event is sponsored by the town and the event is open to the public without charge.

The selectmen, town managers, school committee and superintendent of schools will play parts in the program.

The toastmaster will be Philip F. Wormwood, high school principal. The invocation will be by Rabbi Harry A. Roth, while selectman William Stewart will lead the audience in the salute to the flag.

Chairman Philip K. Allen of the board of selectmen will offer remarks on behalf of the town.

Entertainment will be given by the Andover High A Capella choir. Pin and certificates will be awarded by the selectmen and the school committee.

Benediction will be given by Rev. J. Everett Bodge, of the South Church. A reception and refreshments will follow.

Highlight of the evening will be the presentation of the Town Employee Of The Year award to a person who will not be identified until his name is announced. This award is known as the William W. Rhoades Memorial Award.

Coach Pay Review By Board

A recent ruling clarification by the Secondary School Principals' Association reveals that the six-time state champion gymnastics team of the high school never was in violation of SSPA rules, as some had feared, by participating in intramural gymnastics.

But is anything being done about physical education Joe Dorsey's handing in his resignation as head gymnastics coach?

The resignation has not been accepted and lies in limbo, with the issue of salary still up in the air, as a result of the School Committee's negotiations with the teachers' union, (Andover Education Association) still dragging on without a contract signed.

Addison Gallery Tells About Noise

The Addison Gallery of American Art at Phillips Academy is now presenting the fourth in a series on "An Examination of Aural Environment" which will continue through June 9.

The presentation offers the listener the opportunity to assess audio events for their own sake, and also to better understand the relationships between noises and their associative visual images.

The presentation which is installed in four adjoining rooms begins with a four track stereo environment in which an audio tape "piece" of clock sounds involves into electronic music.

The second room is reached through a tunnel of noise directionally fed to the listener's ears through slots in the passageway's fiberglass walls. The fragmentary sounds in the tunnel are designed to alert the listener, and to function as a prelude to longer "noise pieces" which are played through earphone "islands" in subsequent rooms of the presentation. Upon exiting from the tunnel into the second room, the listener-viewer confronts a padded recording booth which incorporates a record-delay playback system. "Noise mes-

sages" uttered by any of the audience are recorded and heard in the third room 15 seconds after they have been made. The second room also contains a "noise organ" with tubes or pipes of varying heights. Sounds issuing from the pipes vary according to their height - children's noise in the shortest, adult sound in the tallest.

Four "islands of noise" plus a noise accumulator comprise the third room of the show. Sound events especially made for the presentation encompassing themes such as nature, war, sports, the home, are heard through the island earphones. Because the earphones tend to isolate the listener and cut off extraneous sounds, the island pieces, or compositions, are the most specific and controlled events in the presentation. Previewers suggest that the islands are startling in that the experience of listening to conventional noise is changed radically by the process of earphone perception. Furthermore, the privateness of headphone listening seems to stimulate visual responses.

The noise accumulation utilizes a recording booth similar to the delay playback system previously described. In the case of the accumulator, however, spoken words or noises made by the participating audience are recorded con-

tinuously on top of one another. The action and reaction of the audience is thus "piled up" on tape for subsequent audiences. The machine may be "played" by enterprising noise composers who speak into the microphone and dart into the fourth and final room of the show where the results are played back a minute or so later.

The last room contains four more "islands" similar to those already described, and the most dramatic noise event in the show - the BIG SOUND.

At random intervals a large stereo system fills this last room with loud, powerful sound, overpowering all the other outputs in the presentation. The effect of pressure is distinctly real - the presence of energy surrounds the listener and affirms the physical impact of sound experience.

The presentation has been designed and constructed by Christopher Cook, Aloysius Hobausz, Robert Lloyd, John McMurray and Gerald Shertzer of the Art Department of Phillips Academy.

The Addison Gallery is regularly open to the public without charge weekdays (Monday - Saturday) from 9 a.m. to 5 p.m. and Sundays from 2:30 to 5 p.m. Special hours scheduled for the NOISE presentation: Weekdays: 10 to 11:30 a.m. and 2 to 4 p.m. Sundays: 3 to 4:30 p.m.

Library Meetings

The month of May, traditionally the month of library meetings, started on May 1 at Ipswich, which played host to the Merrimack Valley Library Association. Those attending from Memorial Hall Library were A.J. Anderson, Director; Mrs. Kenneth Vint, Assistant Librarian; Miss Elizabeth Russell, Children's Librarian; Mrs. T. Shen, Cataloger; and Mrs. Harry Shepherd, Young Adult Librarian.

The library and library service of the future was the topic. Discussion was based on the so-called "Little Report" which points out shortcomings in present service in Massachusetts and makes certain suggestions of interest to local librarians who have called on the Commissioner of Education of the Commonwealth and the Director of the Bureau of Library Extension to take effective action.

The "Little Report" is the Library Planning Study prepared by the Arthur D. Little Company of Cambridge under the guidance of Walter W. Curley, Director of Information Services, and published in August, 1967. Librarians in the sub-region of Andover would like to see implementation of the recommendations, especially regarding inter-library loans.

Sixteen librarians, meeting March 19 at Memorial Hall Library, approved a recommendation to the Board of Library Commissioners that the Library Planning Study concerning state-wide library service in Massachusetts published in August, 1967 by Arthur D. Little, Inc. be implemented without delay.

The study cites slow communications, delays in inter-library loans, unawareness of the public of state-wide services; lack of effective structuring at the system and State Library levels.

They noted complicating factors of local legal situations and local independence and/or jealousy. A state center responsible for centralized ordering and preparation of books; one combined catalog for books and another for serials (magazines, for example), are possible ways to counteract present weaknesses of service in Massachusetts.

Scout Award Night May 11

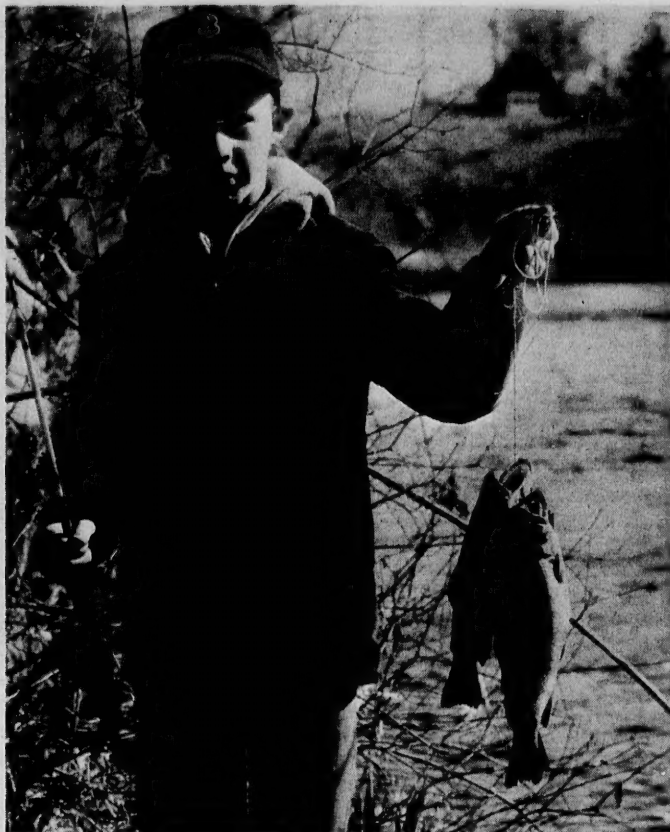

The Andover Lodge of Elks is holding an Eagle Scout Award Night on Saturday evening May 11 at Camelot in North Andover starting at 6:30 p.m.

Immediately following the chicken pie dinner, there will be brief remarks from dignitaries of the Elks and Scouting, at which time Certificates of Merit and American Flags will be presented to approximately 20 Eagle Scouts from Andover, North Andover, and North Reading.

Included in those who will be present are the State President of the Mass. Elks Association, the District Deputy of the North District of Elksdom, the President of the North Essex Council of Boy Scouts, and the four Eagle Scouts who represented the North Essex Council at the World Jamboree held in Idaho last year.

The affair, which is open to the public, will be concluded by general dancing to 1 a.m.

Tickets are available at the Elks Home, or from committeemen Charles Shattuck, William Ruel, or John Thomson.

Andover Girl Scout In Arcadia Sea Hunt

Linda Sagaser of Andover has been named to take part in an Arcadia Sea Hunt this summer as part of the Girl Scout Opportunities program. From June 21 through 30 Linda and a limited number of other Senior Girl Scouts from all across the country will devote much of their time to exploring and gaining first-hand knowledge of both salt and fresh water marine life.

The Arcadia Sea Hunt which is being sponsored by the Kennebec and Abnaki Girl Scout Councils will offer an integrated study program of marine life, natural geological formations and conservation practices. Work shops and field trips will be organized and conducted by professional biologists and naturalists.

While on the Sea Hunt the girls will camp at a seaside site in Arcadia National Park at Bar Harbor, Maine.

Linda, who is a senior at Andover Senior High School, plans to attend Pembroke College after graduation. At present, her main interests are language and biology.

NATURAL HISTORY CAMP

The Ipswich River Wildlife Sanctuary, Perkins Row, Topsfield is accepting registrations for the summer Natural History Day Camp for children entering grades 3 through 7. Session I: July 1-12, Monday through Friday, 9:30 a.m. to 3 p.m., grades 3-4. Session II: July 15-26, grades 5-6. Session III: July 29-August 9, grades 5, 6, 7. This natural history camping experience is designed to give the camper an appreciation and enjoyment of natural surroundings through an understanding of the interrelationships of different types of life. Activities include: field observations and trips, care of collected specimens, nature craft, care of camp pets and specialized study. The fee is \$40 for non-members and \$37 for members. Enrollment is limited: call 887-2241 for registration and information.

Shawsheen Women Meet To Elect

White, Mrs. William Cook, Mrs. John Mathews, Mrs. Frank Raymond, Mrs. Donald Griffin, Mrs. Frank Simons, Mrs. Richard Pagonis, Mrs. Hobbs, a visitor from England, and Mrs. Silvia Henriquez.

Founders Day Marked By Sorority

Both local chapters of Beta Sigma Phi Sorority celebrated Founders day April 23 with a banquet held at Anthony's Pier 4 in Boston. Mrs. Richard Pagonis was general chairman of arrangements with Mrs. Luis Salazar serving as toastmistress of the evening. Among the traditional ceremonies were the ritual of jewels which was conferred upon the following local members: Mrs. Martin Caghey, Mrs. Paul Farrington, Mrs. Anthony Foresta, Mrs. Nicholas Gregory, Mrs. Leonard Peltier, Mrs. Frank Raymond, Mrs. Frank Simons, Mrs. Philip Spalding and Mrs. Roger Davis. Mrs. Duncan Black, President and Mrs. Henry G. Bronson Jr., Vice President of Beta Mu chapter officiated. Exemplar charms were presented to Mrs. William Cook, Mrs. Donald Griffin and Mrs. Norman Joy who will join the Xi Sigma chapter next year.

Of particular interest to all was the history of Beta Sigma Phi in Andover, presented by Mrs. George Ainscow, a charter member.

Mrs. Henry G. Bronson Jr., gave a summary of the accomplishments of her Beta Mu chapter this year. Reviewing this season's activities for Xi Sigma was Mrs. Richard Pagonis. Mrs. Duncan Black read a special message from the Sorority's Founder. The group was led in singing by Mrs. Ian Sanderson, who also accompanied at the piano.

Beta Mu Chapter was among the greater Lawrence groups receiving awards at the annual United Cerebral Palsy Dinner Saturday evening April 27 at Briarcliff. This was in recognition of their gift, the proceeds from the Pink Champagne Ball which was implemented by the clinic at Burke Hospital to establish a library for handicapped children.

Little Ones Have Fun At Fine Arts Museum

A class where attendance is never taken and children come because they want to... Sounds unlikely, but you will find it tucked beneath the marble halls of the Museum of Fine Arts.

The museum's Children's Room opens its doors to a throng of enthusiastic youngsters in grades 1 to 6 four times a week. No registration is required and all classes and materials are free.

Each year 3000 children participate in the program; half of them make up an army of regulars who come back each week, year after year. They come from Greater Boston and as far away as Cape Cod, New Hampshire and Rhode Island to learn about art through the ages and try their own hands at creating works of art.

The programs are run by Helen Thompson, a graduate of the School of the Museum of Fine Arts who has been heading the Children's Room for three years. She plans sessions around such varied themes as printmaking, puppetry and sculpture; life in ancient and modern civilizations or works by important artists. Classes begin with slides, films or visits to the galleries followed by discussions to which each child contributes his ideas and asks questions. Their curiosity prompts such queries as "What food did Matisse like to eat?", "Why do Indians carve so many elephants?" and "Was Paul Klee a friend of Vincent van Gogh?"

Creative work related to the topics discussed encourages the children to use their imaginations. When the program called for the children to paint seascapes, they were given orange, pink, yellow and purple paint, but not blue. During a session on city life youngsters carved styrofoam models of a city in 3000 A.D. complete with such modern conveniences as trains soaring above buildings. To evoke the spirit of Rouault's heavily outlined paintings the young artists made "stained glass" windows from tissue paper, cellophane and black construction paper.

Mrs. Thompson believes that children's intuitive creative abilities are often untapped. "I treat my students like little people, not children," she says. The results are impressive. The youngsters develop a critical eye for judging

their own works as well as the Museum's great masterpieces. Often they read up on a subject so they can contribute more to class discussions.

Mrs. Thompson's influence on art education goes beyond the Museum. Teachers often seek her advice in planning art curricula and education students visit the Children's Room to observe her technique.

The Children's Room grew out of a story-telling program begun in 1913 as a "baby-sitting" service. In 1938 a program of talks, movies and gallery tours were established for settlement house children and in 1948 the present Children's Room was opened. Since then thousands of children from all corners of the state have passed through the doors of the Children's Room where they learned to make imaginative works of art and to appreciate the art of the masters. These children will always feel at home in a museum.

The Children's Room schedule is: Tuesdays, grades 1 and 2; Wednesdays, grades 3 and 4; and Fridays and Saturdays, children in grades 1 through 6 who did not attend classes during the week. Sessions are held from 3 to 4:30 p.m. weekdays and 10:15 to 11:45 a.m. and 1:30 to 3 p.m. Saturdays, September through May.

No advance registration is necessary, but capacity is limited to 35 children. Free admission tickets are available 15 minutes before each weekday class and five minutes before each Sunday class.

Convocation At Merrimack

The fifth annual awards convocation was held Wednesday at Merrimack College with Rev. John A. Aherne presiding.

During the Convocation awards were presented to senior honors students with cumulative averages as of February, 1968, of 3.0 and above. Certificates were awarded to those students named to Who's Who Among College Students; awards went to outstanding basketball and hockey players; and finally announcement was made of graduate school acceptance and assistance.

"The Convocation marks the beginning of the end of four years of work and pleasure for the Class of 1968. It is a poignant reminder that their years of college are rapidly drawing to a close and they must prepare to enter the world of business, the service, marriage, or higher education," Dean Aherne said.

Summer Sessions At Pike School

The Pike School will conduct its tenth summer tutorial beginning Wednesday, June 26, and continuing through Wednesday, Aug. 7. Lawrence E. Tuttle and John Tomlinson share the responsibility for the direction of the session, which is designed to offer courses for either advanced placement or reinforcement to boys and girls who plan to enter grades five through nine in September.

Each student must undertake work in both arithmetic or algebra and English studies. The latter includes the development of reading skills. An unusual feature of the course based on English studies, which encompasses all aspects of communication in the English language, is the offering of a typewriting course to boys and girls who show adequate proficiency in handwriting.

In accordance with its traditional pattern, the student body during the summer will be limited to about 50 boys and girls. The teaching is conducted in very small groups composed of 3 - 5 students. The small size of each class makes possible a highly individualized offering for each boy and girl.

Material taught is selected for each student only after a careful diagnosis of his needs.

The work is accomplished during the morning hours from 8:30 a.m. until 12 noon. During these hours time is set aside for preparation of the next day's work so that boys and girls complete an intensive course of study before returning to their homes for free afternoons and evenings.

Additional information may be obtained by calling The Pike School office or writing to John Tomlinson, Pike School Summer Session, Sunset Rock Rd.

PRE-SCHOOLER TRIPS

For children 4-5 years old and their mothers, there will be a series of ten Friday morning field trips (10-11 a.m.) at the Ipswich River Wildlife Sanctuary, Perkins Row, Topsfield. This is a second section of a program which proved unusually attractive. Through June 28, the groups will learn about small mammals, birds, water life, insects, mosses, ferns and flowers and make their own terrariums and aquariums. Regular attendance is recommended so the children can build on their experiences from week to week. Fee is \$3 for members and \$4 for non-members. Call 887-2241 for registration.

LUTHERAN WOMEN

The women of Faith Lutheran church are planning a Swedish smorgasbord at the church at 6:30 p.m. May 9. It will be followed by A Scandinavian travelogue.

Birthday Party
At Free Church

The Free Church is having a birthday party Saturday with cake, candles and a gift. A Scottish Dancing Group will perform, there will be community singing and the Choir will sing popular songs from well known musicals. Every fellowship group in the Church has been invited to take part. Each person is to contribute pennies, according to the number of their own birthdays, toward the gifts. The Free Church is 122 years old this May. The party is one which was held of a similar kind in 1906 which the Church Historian Mrs. Evelyn Telford discovered when going thru the old files. She has been largely responsible for making the arrangements for this party.

Select Majors

Four Andover students at Bowdoin College, Brunswick, Maine, have recently selected their major fields of study.

Charles G. Hatch Jr., son of Atty. and Mrs. Hatch, 3 Appletree Ln., has chosen to specialize in Economics.

A. Charles Lane, son of Mr. and Mrs. Robert E. Lane, 68 Park St., will concentrate in Biology.

Thomas S. Marjerison III, son of Mr. and Mrs. Marjerison Jr., 87 Burnham Rd. will major in Latin.

Dale H. Tomlinson, son of Mr. and Mrs. John G. Tomlinson, 3 Tobey Ln., has selected Chemistry as his major field.

CHEERLEADERS CLINIC

A national cheerleaders clinic will hold an all-day clinic Saturday at the high school, with about 60 schools and 500 cheerleaders participating.

Memorial Hall Library

Visit Library

Twenty Pike School Nursery boys and girls paid their annual visit to Memorial Hall Library during National Library Week. Wednesday morning they inspected story and picture books and enjoyed stories told by Miss Elizabeth Russell.

On April 24, 18 members of the Free Church Coop Nursery group visited the children's room for stories and looked over the displays of new books for small children.

Friday's special program was requested by the Andover Bible Chapel. A movie, "The Fox and the Rooster," which is an Aesop fable, and film strips were on the program. A display of books of Bible stories and picture books of Bible animals were also prepared by the Children's Room. The fifty children attending the study classes range from three through 11 years of age.

Author Luncheon

Five local library staffers enjoyed the annual book-and-author luncheon held this year at the Prudential Center, in the Constitution Room. Attending from Memorial Hall Library were Mrs. Wolf Berthold, Mrs. Donald Downes, now retired, Mrs. Helen Hilton, retired school librarian, Mrs. Harry Shepherd, young adult librarian, and Mrs. John Wilson, head of circulation.

They heard Edward Weeks, former editor of the "Atlantic Monthly" who has a new book, FRESH WATERS, adventures of a fisherman; Evelyn Lincoln, who was John F. Kennedy's secretary and who wrote KENNEDY AND JOHNSON; Al Hirschberg, author of YAZ; and Arthur Hailey who wrote the best selling HOTEL and the equally popular AIRPORT.

State Meet

A.J. Anderson, director, Memorial Hall Library will be a group leader and R.B. Hubbs, associate director, will be recording secretary for the group which has been assigned the topic "dirty

books," at one session of the Massachusetts Library Association's annual spring conference. This year the librarians of the state will be meeting in Provincetown on May 8 and 9.

The case method of dealing with problems common to librarians will be used at the conference. The case of the dirty books is from Kenneth Kister's book recently published by Bowker, SOCIAL ISSUES AND LIBRARY PROBLEMS.

Following discussion and consensus the groups will convene to share their solutions and opinions on a variety of topics.

Friday, May 10, Anderson is slated for the reaction panel, representing the public library point of view when the topic for general consideration is "Crisis in Library Manpower." Other panel members include Thomas J. Galvin, Director of Students, School of Library Science, Simmons College; Mrs. Betty Flynn, Senior supervisor of public library development of the Massachusetts Bureau of Library Extension; Mrs. Doris P. Dunne, Librarian, Weston Junior High School; and Charles A. McIsaac, Chief, acquisitions at Boston University.

Other meetings scheduled include sessions for library trustees, state college librarians, public library administrators. Speakers include David Silver of WGBH Educational Television using his favorite topic, "What's happening, Mr. Silver."

Public Library administrators will hear Mrs. H. Shippen Goodhue of the Massachusetts Board of Library Commissioners and Charles W. Robinson, Director, Baltimore County Public Library on the topic, "Live wire or short circuits in the Arthur D. Little Library Grid."

Prof. Murphy Wins Honor

Professor John J. Murphy of the Merrimack College English Department has been admitted to membership in the 1968 NDEA Special Institute for Teacher-Trainers in English Education at Harvard University.

The purposes of the Institute are to introduce trainers of secondary English teachers in New England institutions of higher learning to new knowledge in the discipline of psycholinguistics and sociolinguistics, and to examine the implications of this knowledge for the development of the English curriculum and for the teaching of English.

The core of the Institute program, which will be conducted as an informal colloquium, will be a series of four one-week visits by eminent scholars and researchers in the linguistic subdisciplines. The Institute is to be held at the Harvard Graduate School of Education from June 24 through Aug. 2.

Professor Murphy, a resident of North Andover, is completing his third year teaching American Literature to English majors and English teaching majors at Merrimack College. He conducted a course in the Andover Evening Study Program for Adults in 1966 on the American Novel, a subject on which he presented two television series from Minneapolis-St. Paul, Minnesota, in 1963 and 1964.

Three West Junior High School teachers have won summer institute grants for intensive study in their fields at institutes ranging from Boston to California.

A National Defence Education act will take Miss Catherine Linehan of Manchester, N.H., a seventh-grade English teacher at West Junior High, far west to the University of the Pacific in Stockton, Calif., to study modern literary critical methods. She will be one of 38 teachers from throughout the country to attend a seminar and two courses at the College of the Pacific's eight-week summer institute.

Miss Linehan received her B.A. degree from Notre Dame College in Manchester, N.H., and her M. Ed. from Boston University. She has also been the recipient of awards to study at the University of Hawaii and the Uni-

versity of London.

Anthony J. Temmallo, of Chelmsford another West Junior High English teacher, will study the writing and evaluation of prose, the reading and analysis of poetry, and the goals and methods of modern linguistics at Simmons College in Boston this summer. He has been awarded a government grant for the advanced study of English at a summer institute that Boston College will hold.

Before teaching in Andover, Mr. Temmallo taught English at Winthrop High School. He is a graduate of Boston College, where he received a Bachelor of Science degree in English and history, and a Master of Arts degree in education.

Stanton F. Donnelly, 9 Burnham Rd., has accepted a National Science Foundation grant for a summer institute for junior high school mathematics teachers at

the State University College at Potsdam, N.Y.

Mr. Donnelly will participate in the six-weeks summer institute on modern mathematics to be held there, centering on algebra and geometry topics.

Donnelly received his B.S. from Merrimack College and an Ed. M. degree from Salem State College.

Summer institutes sponsored by the NDEA and the National Science Foundation take place at campuses all over the nation.

Their purpose is to further the participants' knowledge of subject matter, acquaint them with new developments in their fields, and to deepen their enthusiasm for the subject.

Present at the meeting for a discussion were Alonzo B. Reed and

Renald J. Boretti Jr., architects and engineers with offices at 177 Milk St., Boston.

The Reed firm is one of the applicants for the architectural work. The men spent some time in outlining their qualifications under questioning by the town manager and the selectmen.

No decision has as yet been made on the selection of an architect for the project.

Gov. John A. Volpe, whose name was the only one on the GOP side fared rather poorly. He received 214 votes while Richard Nixon had 385 write-ins and Gov. Nelson Rockefeller of New York, who announced his candidacy three hours

after the polls opened was given 276 write-ins.

In the voting for Democratic town committee, of the two slates appearing on the ballot, No. 1 was an easy winner. There was no voting for the Republic town committee as the slate submitted had no contests and was automatically elected.

The good guarantee.

You probably won't need it.

That's what's good about it.

If you do need it it's good for the life of the tread and good against normal road hazards. Very good. And that's why this little flimsy piece of paper is a very good reason for buying Mobil tires. While you're at Mobil, take a look at Golden Circle, Mobil's ultimate tire. Use a Mobil credit card.

LIFETIME GUARANTEE

New Mobil Passenger Tires are guaranteed against defects in workmanship and material for the life of the original tread. They are also guaranteed against normal road hazards (such as blowouts, fabric breaks and cuts) which render the tire unserviceable.

If examination shows the tire has failed under the terms of this guarantee, we will make a reasonable allowance on the purchase of a new tire based on Mobil's current predetermined price for adjustment, plus applicable taxes. Allowance will be based on remaining tread wear as determined by tread wear gauge.

This guarantee does not cover consequential damage, nor damages from running flat or from wheel misalignment, nor the cost of repairing punctures, nor tires marked "Second." Liability is limited to replacement of the Mobil tire.

No money down. 12 months to pay. Low carrying charge.

With the announcement by N.Y. Gov. Nelson Rockefeller of his candidacy for the Republican nomination for president, the Andover Draft Rockefeller Committee formed as part of the state-wide effort early in March has changed its name to the Andover Citizens for Rockefeller.

Mrs. Melvyn Miller and Mr. Louis D. Friedman, co-ordinators of the citizens' campaign, emphasized that the group is composed of and open to Republicans, Independents and Democrats interested in Gov. Rockefeller's nomination and eventual election.

Although efforts of the group are being coordinated with other state-wide and national Rockefeller organizations, it is the intention of the Andover Committee to pursue a new type of independent citizens' campaign. In the initial phase, Mrs. Miller and Mr. Friedman anticipate building on the wide Rockefeller interest in the area, which was evidenced in the committee's earlier brief signature drive and in seeking support from the local delegates to the Republican national convention. The Committee plans a meeting in the near future.

treatment of the floors in one of the meeting rooms which is not used as a classroom.

The floor will be sanded, fitted with plyscore and covered with carpeting. Doing this room will allow the committee to determine the exact cost of such procedure and will serve as a pilot project for the other rooms which must be reconditioned.

One of the things brought out Tuesday was the fact that there is little or no labor pool of tradesmen available in this community. The building of the Gillette building in the Industrial Park and a large addition to Western Electric in North Andover, as well as many lesser projects will keep tradesmen engaged for months to come. Fear was expressed that reconditioning of the Junior High School may be delayed as a result.

During a discussion of the heating system, it was brought out that there are extremes in the two wings. When the east wing is comfortable, the west wing is far too warm for comfort. One of the reasons for this, the meeting learned, was that there are individual controls on the radiators

Church Auction At Ballardvale Church May 18

There will be an old-fashioned auction at the Ballardvale United Church on Saturday, May 18 at 1 p.m. in the church parking lot, corner Clark Rd and Hall Ave, or in case of rain in the Fellowship Hall of the church. The proceeds will be used to assist Spanish Americans in greater Lawrence, with whom the committee has been working recently, teaching them English etc.

Donations of furniture, household utensils, cooking ware, etc. in salable condition will be welcome. For pickup service, call Arthur Baker, or leave items in the church just outside the pastor's office. The committee includes Mr. and Mrs. Arthur Baker, Mrs. Winford Farr, Mrs. William Kilpatrick, Mrs. Clifford Lawrence, Mrs. James McLeod, Miss Anne Perry, and Mrs. Brian Phillips. Ralph Sharpe will be the auctioneer in charge.

West Parish May Breakfast

Ham and eggs, homemade doughnuts and muffins will be on the menu for the annual May Breakfast of the Women's Evening Circle of West Parish Church. The breakfast will be held in Fellowship Hall on Saturday, May 4 from 6:45 to 9:30 a.m.

The fresh flower centerpieces at each table will be for sale. Also on sale will be May baskets, bakery goods and handmade aprons.

The Explorer Scouts will hold a car wash in the church parking lot during the breakfast hours.

Organ Concert At Methuen

William Teague will be featured at the second concert of the spring season at Methuen Memorial Music Hall on Wednesday, May 8 at 8:30 p.m.

Teague is organist and choir-master at St. Mark's Episcopal Church in Shreveport, La., where he presides at a new 106 rank pipe organ. In addition, he heads the Organ Department at Centenary College there. He is active in many phases of church music.

A native of Texas, he studied at Southern Methodist University and later received his degree at Curtis Institute of Music, Philadelphia, where he served in several churches and was at one time assistant to his teacher, Dr. Alexander McCurdy.

He has concertized from coast to coast including American Guild of Organists' conventions.

His program at Methuen will be: Postlude Pour L'Office de Complies - Jehan Alain; Chorale Preludes: ("Ach bleib uns, Herr Jesu Christ" - "Nun komm, der Heiden Heiland") - J.S. Bach; Passacaglia and Fugue in C Minor - J.S. Bach; Messa de l'Ascension ("Alleluia serena d'une ame qui desire le ciel") - Olivier Messiaen; Scherzo Dance and Reflection - John Cook; The Burning Bush - Herman Berinsky; Sonata on the 94th Psalm (Grave, Larghetto - Allegro con fuoco, Adagio, Allegro - Allegro assai) - Julius Reubke.

The grand pipe organ of nearly 6,000 pipes was built originally over 100 years ago by Walcher of Ludwigsburg, Germany for the Boston Music Hall at a total cost of \$60,000. Today it is irreplaceable for many reasons.

The only pipe organ to include a building, designed and built especially to display and support its performance, it has been modernized with a four manual electric console and is suitable for playing all types of organ literature.

Each day, UNICEF vehicles travel roughly the distance of 35 times around the world.

Punchard Alumni Frolic On May 10

The annual "Spring Frolic" of the Andover Punchard Alumni Association will be held Friday, May 10 at Briarcliff, dancing from 8 p.m. till 1 a.m. Prizes and re-

freshments will be included in the evening's entertainment. Tickets are still available from any member of the following ticket committee: Albert Cole, Dorothy Towne, Barbara Rooks, Irving Whitcomb,

Mary Lussier, Monica Walsh, David Nicoll, Judy Jackson, and Sarkis Sarkisian. The final meeting of the general committee will be held at the Memorial Hall Library next Tuesday, May 7 at 8 p.m.

Stolen Furs Recovered

Stolen furs valued at \$7,325 were recovered Saturday evening by Andover Patrolman Lloyd W. Belbin, who joined the force just last Oct. 1.

In connection with the recovery Andover police arrested Warren Kelley, 41 Park St., North Andover, and Edward T. Ward, 16 Homestead Rd, Marblehead. The two men are charged with breaking and entering in the nighttime and larceny at General Fur Enterprises, 380 Essex Street, Lawrence.

While on routine cruiser patrol alone in the River Road area about 7:55 p.m. Saturday, Belbin observed a blue Chevrolet truck with no muffler and no light above the rear license plate. As Belbin drew nearer he saw activity in the back of the truck. Stopping the vehicle and ordering the two men out, Belbin asked what they had back there. The reply was "Paint drop cloths."

Seeing the true nature of the "drop cloths," Belbin called the Station. As soon as another cruiser arrived, Kelley and Ward were advised of their rights, arrested and taken to the Andover police lock-up.

At 8:52, almost an hour after apprehension of Ward and Kelley, two Lawrence patrolmen discovered the break at General Fur Enterprises.

COACH PAY

(Continued from Page One)

Dr. Richard A. Katz told the TOWNSMAN that the School Committee will be happy to consider a salary proposal for Dorsey, from the AEA. The School Committee, according to its chief negotiator, Fred Fitzgerald, is interesting itself in the entire question of extracurricular coaches' compensation.

Fitzgerald said Tuesday that the School Committee has instructed him to conduct a survey of the entire philosophy and compensation of the athletic department.

Many of the coaches reportedly are receiving far less than the minimum wage for time spent working with their sport.

Town Becomes Full Litigant

The town of Andover has been accepted as a full litigant in the redistricting cases, according to a letter sent to the selectmen by Atty. Frederic S. O'Brien, town counsel.

The petition of the town to be allowed to intervene was argued before Justice Spaulding of the Supreme Judicial court on April 24. Atty. O'Brien argued that only the town, representative of all of the inhabitants, was qualified to fight the issue. Counsel's motion was allowed after Atty. O'Brien declined to participate as amicus curiae, "friend of the court."

Editorial Comment

Founders' Day Monday

The fourth annual Founders' Day program will be held next Monday evening at Andover High School and it is to be hoped that the hall will be filled to overflowing with interested townspeople.

Founders Day is an occasion when the town recognizes and honors those employees who have served long and faithfully or with outstanding distinction.

Men and women who have been in town service for 25 years, 20 years, 15 years and 10 years will be presented special pins while another group who have completed service to the town will be given certificates.

There's a well-arranged program which is not too long and which will allow the gathered townspeople to mingle with each other as they enjoy refreshments at the conclusion of the formal ceremonies.

The occasion marks the anniversary of the founding of the town on May 6, 1646. One of the highlights will be the presentation of the William W. Rhoades award to the "Employee of the Year." This award is named in honor of a man who was the hardest worker in the establishment of the first Founders Day back in 1965.

Every public spirited citizen who takes pride in the town should set aside Monday night as an occasion to be at Andover High school to pay tribute to the men and women who make Andover such a wonderful town to live in.

It Cuts Both Ways

If you are interested in the birth of a lively educational and social experiment, you'll want to accept the student coordinators' invitation to be on hand for Opening Night of the Student Activity Center Tuesday.

Responsibility of the student will be the theme of the evening, but it seems to us that responsibility cuts both ways.

The center for pursuing special interests, library study and recreation will open thanks to the initiative of a group of students responsible and responsive to the needs of their school — and thanks to the equally responsible backing of the adult advisory committee, and recreation department, to the School Committee, in entrusting the brand-new facility to the students, and to the eight or ten teachers who have volunteered to lead the seminars and courses the students hope for.

Now whose turn is it to be responsible and responsive?

Director James Carroll says the students need adult help and support — perhaps by donating an extra hydraulic jack, tape recorder, phonograph or TV — but preferably by giving time and interest — dropping in for a coffee or coke, helping with a course or with supervision.

The town is entrusting the students and expecting responsibility. But doesn't that cut two ways? Perhaps the students are hoping for the same from us?

The Experts Look Ahead

Trends in education are always significant in Andover where school building seems to be a never-ending chore.

The experienced and highly regarded firm of consultants, Englehardt, Englehardt and Leggett, took a look to the future and came up with some of these observations:

Language laboratories are on the way out because it is felt they do not do an adequate job for the money spent. Closed-circuit television, however, is becoming more important for keeping both students and teachers abreast of educational developments.

Big school libraries are now thought advisable to replace small libraries because they provide a better selection and avoid duplication, but these libraries are four or five times more costly now than they would have been only a few years ago.

Better transportation is making the old fashioned neighborhood school unnecessary, and central educational parks bringing together pupils of all racial, economic and cultural backgrounds are thought to be suitable replacements.

The small 400-pupil high school is not nearly as bad as generally thought in the past, sometimes offering better

comprehensive education than 2,000-pupil schools nearby because the students are not swallowed up and sometimes get more personal attention. However, the bigger schools generally make the attainment of excellence in education easier.

The 4-4-4 school system (four-year elementary schools, four-year middle schools and four-year high schools) that had been taking hold throughout the country in place of the 6-3-3 system is now losing ground to the 5-3-4 system.

Teachers' lounges in building plans are being replaced by teachers' workrooms, which provide working space and areas for files.

Here in Andover, Superintendent of Schools Edward I. Erickson said that school planning is an ever changing process.

"Every plan is a new plan," is the way he puts it. He said that such things as language laboratories are devices and they must always be examined and evaluated.

"You still must have the teachers," he says.

Nature's Ways

Red Maples Swamp-Associated

A New England lawn can be suspiciously beautiful at this season. For this is the flowering period of the red maple, a tree of almost unrivalled beauty in spring. Red maples, unfortunately are closely associated with swamps. If a really gorgeous display of these trees exists on your lawn, the possibility is great that your house stands on swampland.

Most of New England received a fair test of the landscape's response to rain in March. If your cellar walls resisted intrusion during the period, you may relax and enjoy the red blossoms of your red maples and the red leaflets that follow them.

Since the red maples grow mainly in swamps in New England, we seldom think of it as a tree that also can grow on relatively dry soils. But, in its wide distribution through eastern North America, the tree has adapted to dry forest soils in some regions where the annual rainfall is reliable enough to maintain tree growth.

The real limiting factors that keep the red maple from overrunning the entire continent are the extreme cold and the extreme dryness where the Great Plains begin. Otherwise, the red maple exists from the Gulf of Mexico well into Canada.

The red maple ranks high in value to wildlife. The twigs and tender branches are favorite deer food. The ruffed grouse spends considerable time reaping the buds of red maple. Since they produce

seeds early in the summer, they fill what might be a gap in tree seed harvest for chipmunks, white-footed mice and similar reapers.

Those who admire Thoreau and the red maple often are disappointed to learn that he did not share their interest in the tree. Thoreau preferred our silver maple.

The early residents of New England had little time to admire beauty. Their thoughts on the red maple were entirely utilitarian. From the Indians they learned that red maple bark made an excellent dye for cloth. By adding alum to the tannin extracted from red maple bark, the early residents obtained a cinnamon-colored dye. If coppers were added to the concoction, they obtained a rather color-fast black dye.

John Josselyn, who visited New England in the early 1600s and became sort of a Chamber of Commerce representative for the region, reported that the Indians made a lye from red maple wood which had been burned to ash. The Indians then boiled acorns with the lye to remove the bitterness from the acorns and make them edible.

Few red maples live to an old age. They are subject to breaking under ice storms. They also are sensitive to fire. Under ideal conditions, particularly in swampy areas, a red maple can attain 120 feet in height. Trees of such dimensions are not common, however.

and digested in the greatest detail. It must not be consigned to a bookshelf — mental or physical — to collect dust as have its forebears. Andover has a very vital

Kerner Report Meeting

Expressing the belief that the solution to racial strife will be found in towns like Andover and not in the big cities, Town Manager Richard J. Bowen this week announced that he planned to read and discuss the report of the President's Commission on Civil Disorders with interested citizens at round table meetings beginning Tuesday evening at Memorial Hall Library at 7:30 p.m.

The so-called Kerner report has been controversial ever since it was published. It has become a best seller. It details the many riots which occurred in American cities and gives in depth information on their cause and effect.

In making his announcement, the town manager said:

"With the tragic events of the recent past in the area of civil rights fresh in mind, it is clear to me that, as a responsible citizen of the Town of Andover, and certainly as a professional municipal administrator, I must have more than a casual interest in the report of the President's Commission on Civil Disorders. I cannot help but feel that this must be the case with many of us who live in this community. The report is a significant and far reaching document which needs to be read and reread, but, most of all, to be discussed and reviewed

What Our Readers Say

To the Editor of the TOWNSMAN: I understand the town of Andover is considering fluoridation of the public water supply.

I am all for it. My Andover dentist is in favor of it, too. He even uses it when cleaning patients' teeth.

Why hasn't the town allowed the measure that would only cost .20 cents per person each year? The .20 cents spent would also go a long way in reducing my dentist bills. Perhaps, that is of no concern to prominent people who object to public health.

Before the fluoridation subject comes up for a final decision before the town, the public should be informed about its benefits and possible dangers.

According to my dentist, fluoride poses no threat to the health and safety of those who use the water. In fact, it won't even harm pets or house plants.

People, who are interested in improving the health of their children's teeth by over 50 percent, should support the fluoridation proposal that is before the town.

The servicemen's plaque recently erected in Abbott Village center by the Indian Ridge Community Association bears eloquent testimony to the patriotism of that section of town in furnishing one-twelfth of Andover's total number in uniform.

10 Years Ago — May, 1958

Assessable real estate valuations for 1958 have been pegged at \$77,000,000 — nearly four times the assessed value in 1957.

Assessors have set a tentative \$26 tax rate for the year.

During the annual trout derby last Sunday at Hussey's Pond, Marty Bulmer, Kenneth Westbrook, Dave Prescott, Robert Westbrook, and Joseph Pizzano were among the 400 anglers.

Members of the South Church Men's Club will have the privilege of hearing Dr. Roy Pearson, dean of Andover Newton Theological School, Wednesday, April 30.

TRYOUTS SATURDAY

Tryouts for the Andover Junior league team will be held Saturday at the playstead. Boys who are age 13 to 15 inclusive may report to the field. The 13 year old boys will practice from 3 to 4 p.m., and the 14 and 15 year olds will try out from 4 to 5 p.m. The Junior league team competes with clubs in Methuen, North Andover and Lawrence.

Quota Recognition

The fourth annual Recognition Reception Tea for Greater Lawrence Girls of Achievement was held at the Lanam Club on Sunday afternoon. Sponsored by the Quota Club this event is the highlight of the Club's Service to Girls activities. All senior girls at the ten public and parochial high schools in the area who have been elected to the National Honor Society were invited as guests and presented with a sterling silver charm of the letter "Q" as a memento of the occasion.

Entertainment was provided by a duet from Merrimack College who sang a medley of folk songs accompanied by guitars. The duo is known as The Second Floor. Refreshments were served by the committee that included the following Andover members; Miss Frances Giuffrida, Mrs. Lillian Morrison, Mrs. Anthony Sakowich, Miss Mary Shinnick, and Mrs. Gilbert Tallmadge.

The following Andover girls were invited: JoAnne Batcheller, Christine M. Boshar, Joan M. Bracken, Corinne A. Broderick, Sandra J. Brouck, Elizabeth A. Bruner, Heather Buchan, Virginia M. Campbell, Nancy Coulthard, Elizabeth M. Dawicki, Lyn Deyer-

College Band Will Give Concert

The Merrimack College Concert Band under the direction of Thomas Elliot, assistant band director of Lowell State College, will present its annual Spring Concert Thursday, May 9, at 8:15 p.m. in Merrimack's Collegiate Auditorium.

The band has been reorganized, and the concert will reflect the new image which has been created by the band this year. Instead of playing only the pep music for which the band has been recognized in the past, they will be performing good concert pieces. Selections such as Frank Erickson's "Toccata for Band," Mendelssohn's "Three Chorales for Band," "Kentucky - 1800" by Clare Grundman, "Tango for Band" by Glenn Osser, Moises Simons, "The Peanut Vendor," "March 'Onward'" by Ernst Luthold, the popular "Clarinet Escapade" by Russell Ward, and many others will appear on the program.

Prof. Elliot, a native of Springfield, and a graduate and master degree holder of Boston University, has been coming to Merrimack twice a week to work with the band.

WILD FLOWER COURSE

The New England Wild Flower Preservation Society is offering a course in Wild Flower Gardening by Mrs. Lucien B. Taylor, famous horticulturalist and President of the Society, on Friday mornings, May 10, 17, 24, 31

and June 7, from 10 a.m. until noon at their Nature Center Building, Garden in the Woods, Framingham.

As always, Mrs. Taylor's classes will serve as practical workshops covering every phase necessary to successful wild flower cultivation.

STUDENT CENTER

(Continued from Page One)

shop teacher, who has been appointed as director of the Center. Students have expressed interest in such other courses as public speaking, tennis, journalism, swimming, and grammar, and some of these as well as new suggestions may be incorporated into the program if a sufficient number of adults volunteer their services. Anyone who is willing to help in any area of education, recreation or supervision of the building is requested to contact Mr. Carroll at the high school.

One of the seminar possibilities being considered, if enough volunteers come forward, is "After School - What?", to discuss college and industry expectations.

Primarily the Student Activity Center is organized and will be run by high school students. Much of the responsibility will rest on the student coordinators: Craig Hurst, clean-up; Virginia Strobel special organizations and programs; JoAnn Somers, publicity; Patricia Dauber, volunteers; David Rozen and Thomas Debolt, photography; and Paul Russell membership and recreation.

Teachers who have volunteered to lead courses at the Student Activities Center are William Danforth, in photography, Miss JoAnn Samra, beginning typing; William Deacon, automobiles; James Murphy, slide rule and computers work; Mrs. Paul Simone, sewing; Mr. and Mrs. Edwin Hawkes, electronics club and journalism.

The Teen Center will not be a dance program, says Bartow, nor a place just to "hang around." It will be activity-oriented and run by the students themselves. They have already shown their interest and their willingness to take responsibility. Carroll pointed out that some problems are inevitable, but students will soon know the standard of behavior expected and both he and the student coordinators feel that the trust in Andover teenagers will not be misplaced.

Neither Bartow nor Carroll discounts the value of the Student Activity Center as an informal meeting place. A juke box is being installed in the lounge, a "casual with no extremes" atmosphere is sought by the student committee, and they are hoping for donations of a coffee urn, record player and tape recorder.

Gym Program

Beginning May 18, the gymnasium at Andover High School will be open from 2 to 5 on Saturday afternoons as part of the Student Activity Center program.

Keng-Jen Lee, AHS gym teacher, will be in charge. Lee, once a member of the Formosan Olympic Team in basketball and volleyball, wants at least four adult volunteers to help with a program of volleyball, basketball and gymnastics. Arrangements may be made for softball also if there is sufficient interest among students and volunteers.

This expansion will make the Student Activity Center a five-day program, as the library, classrooms and cafeteria are available from 7 to 10 p.m. Monday through Thursday.

PEOPLE PROTECTORS

Did you ever think of ads as guardians of your individuality? They are, you know.

In a time when the edges are being eaten off our personalities and we're all being reduced to card-index numbers, we need to hang on to some things.

Like our freedom of choice. And that choice is yours only so long as competition and free enterprise and advertising are working for you. Guard them. For they stand between you and a dull and standardized life.

Mrs. Lee Richard Weiner

(Graber)

Weiner - Frankel

Miss Judy Frankel, daughter of Mr. and Mrs. Sidney Frankel, Lawrence, was married Sunday, March 31 to Mr. Lee Richard Weiner, son of Mr. and Mrs. Arnold Weiner, 35 William St., at Temple Emanuel, Lawrence.

The bride wore a formal gown of linen. A deep band of Venice lace formed a bateau neckline on the short sleeved Empire bodice. Falling from the high back waistline a slim panel train, edged in Venice lace, accented the slim draped skirt. Her illusion veil was topped with a lace crown. She carried a bouquet of stephanotis, phalenopsis orchids and caladium leaves.

Mrs. John Holden of Newton was her sister's matron of honor. The bridesmaids were Miss Janice Sacco of Medford and Miss Marg-

aret Warshaw of Andover. Mr. Jay Weiner was his brother's best man, and the ushers were John Holden, Edward Hootstein and Donald Weiner all of Newton, Richard Spitalnick of New Jersey, and Charles Heseltine of Andover.

The bride, a graduate of The Lincoln School and Case Western Reserve University, is a social worker with the Massachusetts Department of Public Welfare. The bridegroom, a graduate of Phillips Andover Academy and Lafayette College, is a technical report writer with Raytheon Company. The couple resides in Peabody.

By Mary

As women grow older they become more conscious of little tiny lines that creep up around the eyes and mouth. There's nothing short of plastic surgery that can make lines or wrinkles disappear. However this problem is not a tragic one and those tiny lines can be softened almost out of sight with the use of proper creams. Always apply a good moisturizer under your make-up or after cleaning your face if you do not wear any make-up. Make sure to wear a good night cream around eyes and mouth and all over neck and throat when you retire. Do this faithfully and these lines and wrinkles won't be so noticeable.

Those are just a few of the many beauty hints offered by **CAPILO HAIR STYLISTS**, 2 Riverina Rd., Shawsheen-Andover. Tel. 475-1639. Complete beauty service. Open Daily 9-6. Fri. 9-8. We carry wigs, wiglets, and falls. Modern, comfortable salon.

Class Reunions At Merrimack

Merrimack College reunions for the classes of '53, '58 and '63 will be held the weekend of June 7, 8 and 9 on the college campus. Chairmen for the event are: Richard Barney, '53 Andover, and Lawrence Marocco, '53 Lawrence, Manny Shaheen, '58 Lawrence and Anne Marie Samway '63, Bridgeport, Conn.

All members of the three classes are asked to attend an open meeting April 25 at 8 p.m. in Perkin's Lounge on the third floor of the Student Union Building. Final arrangements for the reunions will be discussed at this time.

Information has been forwarded to all members of the reunion classes. If any alumnus has not heard from their class committee, they are asked to contact the alumni office at Merrimack College.

In conjunction with the reunion weekend, Edward T. Kelley '61 Lawrence, has announced that his committee has finalized plans for the Annual Spring Dance to be held on June 8. All alumni are invited to attend this gala affair. On that night the new officers for the Alumni Association Board of Governors will be announced to their constituency. Alumni who wish to make reservations for the reunion weekend may do so by contacting the Alumni Office or any of the chairmen or members of the Reunion Committee. Members of the Committee include: Andover: Jane Broderick Teichert, '53, George Wermers '53, Robert Scanlon '58, William Pitochelli '58, William McDade '58, Richard Carbin '58, Peter Grogan '63, Maxine Seretna Grogan '63, Jean Carey Davis '63, Kathleen Carroll Scanlon '63.

President McQuade reminded members of the organization's current annual drive for additional members and asked for cooperation and assistance of the members in the membership drive.

Rev. McQuade also released the names of the area captains for the annual event. The Andover captains are:

Mr. William T. Bride Jr., William T. Bride Jr., Harold E. Coleman, Walter Demers, William Doherty, Thomas B. Driscoll, James H. Eaton, Jean B. Ippolito Jr., Francis Lucy, Victor Mill Jr., Lawrence P. Morrisroe, Raymond W. Rawlings, Raymond W. Schlapp, Attorney, Timothy Scanlon, Robert Walsh and Cyril White.

Miss Eastman Honored At Penn State

Miss Carol A. Eastman, daughter of Mr. and Mrs. Frederick C. Eastman, 103 Abbot St., has been selected to join the Pennsylvania State College chapter of Phi Kappa Phi, National Scholastic Honor Society.

The requirements for membership are the highest for all undergraduate honor societies on the campus. Each year the Penn. State Chapter of Phi Kappa Phi, which is open to honor students from all departments of American Universities and colleges, selects a limited number of students from the top five percent of the Junior and Senior classes. Its prime purpose is to emphasize scholarship and character of college students and to stimulate their achievements by recognition through election to membership.

Miss Eastman, a 1965 graduate of Andover High School, has completed her 9th term at Penn State in the College of Science. She has attained Deans List standing 8 terms with a 4.0, average for 5 terms.

In July she will enter the Geisinger Medical Center at Danville Penna., for a year's internship in Medical Technology, after which she will be eligible for a B. S. degree.

ACADEMY CONCERT

The Music Department of Phillips Academy will present Jean and Kenneth Wentworth in a concert of works written for four hands on one piano. The concert takes place in the Kemper Auditorium in the Arts and Communications Center at 3 p.m. on Sunday, May 5.

The Wentworths will perform some free-wheeling modern works written especially for them, as well as some works of Mozart and Schubert.

The public is invited to attend. There is no charge for admission.

Katharine Ann Robson

Miss Robson Will Marry Georgia Man

Mr. and Mrs. Joseph George Robson Sr., 5 Tobey Lane, announce the engagement of their daughter Katharine Ann to Joseph Richard Owen Smith Jr., son of Mr. and Mrs. Thomas Hugh Frost of Wadley, Georgia.

The bride-elect is the granddaughter of Joseph Luxton Robson of Copalis Beach, Washington, and the late Mrs. Wm. Thompson; and of the late Mr. and Mrs. Matthew James Kelsh of Bronxville, New York.

Miss Robson received her B.S. in elementary education from Georgia Southern College. She is presently employed by the Chatham County Board of Education.

Mr. Smith is the grandson of Mrs. Eugene Jones Smith Sr., Wadley, Georgia, and the late Mr. Smith, and of the late Mr. and Mrs. Daniel Rogers, Futral St., Bartow, Georgia.

The future bridegroom received his B.A. degree in history from Georgia Southern College. He is presently attending Naval Officer candidate School in Newport, R.I.

The wedding will take place June 22 at St. Augustine's Church.

Nursing Career Day Saturday

Saturday will be Nursing Career Day in Essex County.

The hospital schools of nursing at Beverly Hospital, Lawrence General Hospital, Lynn Hospital and Salem Hospital, in cooperation with the Essex County Health Careers Council will each conduct a Career Day Program on that date.

Students, both boys and girls, in grades 8, 9 and 10 of all public, parochial, and private schools in Essex County are invited to attend one of the hospitals to learn first hand what it means to be a nurse. Each program will include a presentation on nursing care of adults, nursing care of mothers and babies, nursing care of children and a tour of the hospital to see nurses in action.

The program begins at 8:30 a.m. at Beverly, Lawrence and Lynn Hospital, and at 9:15 at Salem Hospital. Students should sign up for the Career Day with their guidance counselor or school principal.

Members of the Essex County Health Careers Council planning the Career in Nursing Programs are Mrs. Alice Schindel, R.N., Massachusetts Nurses Assn., Mrs. Jane Livermore, R.N., Massachusetts League for Nursing, and Mrs. Barbara G. Flagg, R.N., Essex County Health Assn.

Mrs. Gilbert Anthony Barrett Jr. (Graber)

Barrett - Sullivan

In St. Augustine's Church on March 3, Miss Mary Sheila Sullivan, daughter of Atty. and Mrs. Richard M. Sullivan, 181 Lowell St., became the bride of Gilbert Anthony Barrett Jr., son of Mr. and Mrs. Gilbert A. Barrett, 15 Pinecrest Rd.

Rev. James Wenzel, OSA performed the 4 p.m. ceremony, and Atty. Sullivan gave his daughter in marriage before the altar decorated with white roses.

Miss Pamela J. Welch was maid of honor, and the bride's godchild, Mona Sullivan, of Hartford,

Conn., was flower girl. Mr. Barrett was served by his brother, William Barrett, as best man. A reception was held at the Andover Country Club after the service.

The couple will make their home in Beaufort, S.C. after a wedding trip to South Yarmouth, Cape Cod.

Mrs. Barrett is a graduate of Andover High School and attended Fisher Junior College. The bridegroom, also a graduate of Andover High School, is presently a lance corporal in the United States Marine Corps.

Court St. Monica Plans Elections

Court St. Monica #783 will meet Thursday, May 2, at 7:30 p.m. in St. Augustine's School Hall, where Miss Mary G. Bailey, Grand Regent, will preside at the business meeting.

Mrs. Eleanor Welsh, district deputy of Bradford, Mass., will conduct the election of officers for the 1968-69 term. Prayers of the evening will be offered by Very Rev. Kenneth J. Kennedy, OSA, chaplain of the Court.

The social part of the meeting will feature a May basket auction. All daughters are expected to bring a box lunch in the shape of a May basket. Mrs. Emma Sheehan is in charge of the auction, assisted by Mrs. Monica L. Walsh.

Outgoing officers are requested to bring their robes and hats to this meeting, so they will be ready for the installation in June.

Play it safe—give the other fellow credit for being just as smart as you are.

CABLE DAMAGED

Andover police were notified Monday that a telephone cable on Rattlesnake Hill Rd. had been dam-

aged. They received no information on the cause of the damage.

Merrimack Offers Summer Course

Merrimack College will offer a summer course in Preparatory English and Reading from June 24 to August 2, Thomas P. Hogan, director of Summer Sessions announced today. Mrs. Yvonne Ground, director of the Remedial Program at Merrimack is accepting applications for the course.

The six weeks program in verbal skills is designed for high school graduates preparing to enter college, and is planned to develop skills in reading, writing, vocabulary, and directed study. Instruction will be in small groups not to exceed fifteen students, and will especially benefit students who wish to attain greater strength in verbal skills in order to do more than just "satisfactory" work in college, and those students whose skills in reading and writing need strengthening before college.

The program will include a reading laboratory with intensive concentration on building speed and comprehension with emphasis on special skills needed by the college student, and a writing program to build a strong basis of fundamental skills. In the vocabulary study special attention will be given to word origin and major combining forms to enlarge the student's command of his language. A section in directed reading will provide a practical application of the skills learned in the laboratory and will lead to greater comprehension and assimilation of materials in books, newspapers, and periodicals. The student will also learn to use the college library. Students will be given individual diagnosis and special counseling during the session, and after the completion of the course each student will receive an individual report of his progress, with suggestions for further improvement.

PARKHURST ESTATES

WEST ANDOVER

PARKHURST GARRISON

Now Open For Your Inspection

SATURDAY & SUNDAY - 2 to 5

Parkhurst homes are unique from every point of view. They range in size from three to four bedroom designs with 2 or 2 1/2 baths. All have massive family rooms (paneled). All have fireplaces (one or two). The rooms are oversized and custom decor will suit your individuality. The spacious kitchens (with built-in appliances) have large dining areas. All have 2-car garages. Most important, too... every Parkhurst home is situated on a tree-studded one acre lot in West Andover's country setting. Easy access to routes 93 and 495, of course.

A split-entry, a half-brick front Garrison Colonial and an all-brick front Colonial are ready now awaiting your inspection.

You must see a Parkhurst home... do it this weekend.

HOW TO REACH PARKHURST ACRES

Take Lowell St. (Rte. 133), it's on the right a half-mile beyond Haggatts Pond!

will join Atty. Angelo Fisichella, Milton Lebowitz, and Daniel Dodson. President Dodson announced that he will not seek reelection. Delegates who planned to attend the Young G. O. P. State Convention on April 27, included President Dodson, Peter Colcord, Louise Hart, Joyce L. Flanders, Alfred Coppola, Rosemary Stramondo, and Gerald Moran.

Anthony S. DiDio of 189 River Rd. has been named chairman of the Raytheon-Andover Government Savings Bond Campaign. Mr. DiDio, who was recently named special programs manager at the Andover plant of Raytheon's Missile Systems Division, attended Burdett College and received a B.S. degree in Business Administration from Suffolk University. He also holds a M.S. degree in Business Administration from Northeastern University, and is a Director of the American Red Cross.

Mr. DiDio, an employee of Raytheon since 1957, is married to the former Mildred Cuscia of Lawrence. They have three children, Mark, 8; Eric, 5, and Christine, 3.

A committee of over seventy persons, representing all of the cities and towns in Senator James P. Rurak's Districts, has held an organizational meeting to plan a testimonial on the occasion of Senator Rurak's Tenth Anniversary in the Massachusetts Senate.

The testimonial will be held on June 13, in Haverhill. Complete arrangements for the testimonial are now being planned by the committee which elected as its chairman, John J. Shaughnessy of North Andover.

The Andover - North Andover Parents League elected officers for the coming year at their annual meeting April 29 at the Andover Historical Society's Blanchard House.

Mrs. Lyman G. Bullard was elected as president, with Mrs. Charles W. Smith as vice-president in charge of meetings, and Mrs. Donald M. Rhompson vice-president for membership. Mrs. Richard H. Moody was elected as corresponding secretary, and Mrs. Charles H. Leigh as recording secretary. Mrs. Frank M. Eccles will serve as treasurer, while Mrs. Peter Q. McKee will head the nominating committee of Mrs. John M. McCoy and Mrs. Samuel S. Rogers.

stake in this whole important, compelling area of civil rights and, although it need not be alarmed, it should be concerned about occurrences experienced by the communities described in the report. It should not be willing to stand by and act as a disinterested observer. I know that I, for one, cannot and will not do so.

"With these and many other thoughts in mind, I would like to extend an invitation to any and all citizens of the Town of Andover to join with me in the reading of this report, discussing it, kicking it around, mulling it over, seeking to understand it and in understanding perhaps be able to make some contribution to the solution of this most pressing and most difficult problem."

"The first get-together for this purpose will be next Tuesday, May 7, at 7:30 p.m. in the Memorial Hall Library. Won't you join with me?"

We DO NOT sell swimming pools. Our business is to sell you the chemicals required to keep the water in the pool fresh and safe and to tell you how to use these chemicals. You may use the water in your pool year after year if it is properly treated and recirculated through the proper preparations.

Expert Consultants and Chemical Suppliers

We have been water chemical suppliers to Municipal Water Departments, schools for their pools and to the Y.M.C.A.'s for over 90 years.
